The IsoTower is ergonomically designed for electrical work across a range of applications including tower work, pole work, linesman, rescue, industrial height safety and confined space. The wide supportive waist panel, rescue attachment loops to shoulders and stirrup off-set side positioning D's complete this robust harness.

Our advanced 3D moisture-wicking mesh fabric provides advanced breathability and also integrates twiCEme, a digital feature that makes your vital info easily accessible in an emergency with a tap of a smartphone using NFC\* (available late 2021).
