Wash care

Modaflame™

Constructed from 60% Modacrylic, 39% Cotton and 1% Carbon Fibre, 280g. Modaflame provides inherent flame resistance and anti static protection. The high tensile strength of this fabric offers durability while the cotton content provides lasting comfort.

Flame Resistant

This industry leading flame resistant range provides multi standard protection for hazardous environments. These state of the art products are the result of years of experience combined with advanced technology and market research. Commitment to the health, safety and comfort of the wearer can be seen in the wide range of products suitable for all climates and end uses.
